

FISHING REGULATIONS GENERAL RULES

OPENINGS:

Lago di Ledro (zone A): fishing is allowed all year round;

Torrente Ponale (zone B): from the 2nd Sunday of March till 30th September;

Torrente Massangla (zone C): from the 2nd Sunday of March to the 30th September.

Other running waters (zone D): from the 2nd Sunday of March until 30th September.

Fishing in Zones B, C and D is PROHIBITED on the first Thursday and Friday of each month for ready-to-fish seeding.

Members and fishermen with permits are required:

1. To the observance of the rules, prescriptions, devices and prohibitions contained in the Fishing Regulations of the Autonomous Province of Trento, Provincial Law n. 60 of 12 December 1978;
2. No fishing is allowed after catching and retaining the fifth salmonid, not even to find equipment, bait or anything else;
3. It is prohibited to cumulate catches with those made by other fishermen;
4. It is compulsory to mark with indelible pen the catch of the catch from the moment of the catch and not before;
5. Before starting fishing, the catch control booklet must be filled in, indicating the date, morning or afternoon, and the fishing zone. Failure to do so will result in the immediate withdrawal of the fishing permit by the authorities;
6. Fishermen must carry their fishing licence and local permit with them when fishing. These documents must be shown to the supervising bodies upon request;
7. The member or guest fisherman must allow the control of the catch. All retained fish must be kept on site, placed in a suitable and controllable container and not in pockets or personal items that are difficult to control by the supervising bodies;
8. Fish caught and retained must be taken with you on the fishery throughout the morning or afternoon even if you change fishing grounds;
9. The rod and all equipment in use by the angler shall be guarded at all times;
10. It is mandatory in all waters to release undersized fish. Fish shall be measured from the top of the head to the end of the tail fin. Any undersized fish caught shall be released with utmost care. When it is not possible to release the hook without damaging the fish, the line should be cut, if possible without taking the fish out of the water;
11. Fishing is allowed from one hour before sunrise to one hour after sunset (astronomical time);
12. An angler shall place himself at such a distance from another angler as not to obstruct the normal exercise of fishing;
13. In the cases foreseen by art. 22 of the L.P. n. 60/78 and following integrations, the fish caught illegally will be confiscated and the fishing permit will be suspended according to the modalities foreseen by the item PENALTIES of these regulations. If the member or guest fisherman will be detected an infraction with the following report, he will have to deliver the catch book not later than the day of the payment, discounting from that date the days of withdrawal according to the penalty. He will also be able to hand over the book at the moment of the dispute, thus starting the days of penalty. All fishermen are obliged to respect nature, it is therefore forbidden to abandon bait or fish along the banks and in the waters;
14. All fishermen ARE OBLIGED to return the fishing booklet by 31st January of the following year to the Associazione Sportiva Dilettantistica Pescatori Valle di Ledro, filling in the summary of the catches on the last page, otherwise the permit will not be issued for the new year.

LACUSTRICAL WATERS

15. Night fishing is allowed from 1st July to 30th September for the following species: eel, carp, tench and burbot;
16. The simultaneous use of 2 rods with a maximum of 3 hooks or 3 sinkers each is allowed;
17. The use of 5-hook setups for the camolier and fly rod with a single rod is allowed;
18. Pasture use is limited to 500 grams of plant matter per day;
19. The use of the following fish as live bait is permitted only if they belong to the following species: minnow, rudd, bleak, bleak, roach, chub, coby, barbel including the larvae of flesh-eating flies (bigattino);
20. An angler intending to fish by boat may fish year-round, subject to the following:
 - Distance of 10 meters between the boats;
 - Anchorage distance from shore in excess of 50 meters when there is an angler on the lake shore.
21. Fishing with a tirlindana is permitted all year round at the times indicated in point 11. During the months of July and August the following time limitation applies: in the morning until 9:30 a.m. and in the evening after 7:00 p.m.;
22. Fishing from the pontoons is prohibited;
23. It is forbidden to carry on board and use the echo sounder or parts of it during the fishing trip.

RUNNING WATERS

24. The opening period for fishing in running waters (Torrente Ponale, Torrente Massangla and Other Waters) is from the 2nd Sunday in March to 30 September;
25. Each member can make only one weekly outing with the annual permit. To exercise more than one outing per week must have a daily permit issued by the same association;
26. Five catches of salmonids are permitted per day;
27. Only one rod armed with one hook may be used;
28. Natural plant and animal baits are allowed with the execution of the larva of carnar fly (bigattino) and live or dead fish. All artificial baits are forbidden;
29. Near the Maffei fish farm in Biacesa on the Ponale stream it is forbidden to fish in the area delimited by special signs;
30. There is a ban on fishing on the first Thursday and Friday of each month because repopulation takes place on those days;
31. In all areas it is allowed to fish with only one hook with a minimum opening of 1 cm.

PENALTY

For the violation ascertained in these regulations the following disciplinary measures shall apply. The permit will be immediately withdrawn by the fishing guard and deposited with the Head of the Disciplinary Committee or at the registered office. At the expiry of the sanction the member will withdraw it. No conciliatory oblation to the Association is permitted.
